

Feb. 14th. 1946.

My dear Zvi:

Books have gone by again

since we last heard from you -

I expect shopping is keeping

you pretty busy. - ATC 55N.

Jana had a baby girl two weeks

ago. Everything is fine -

The name of the baby is Judith.

Very nice, I think. - She came home

from the Nursing home yesterday

I hope to see her again to-morrow

If she has not written to you already

I know she will very soon. -

As Valley mentioned to you in the last

letter, Chaim, in partnership with

Shelk and one other man (English)

are opening a toy manufacturing concern.

Things are going ahead splendidly.

and they are trying to start production -

tion on quite a large scale shortly.

mainly for export. This being the

main concern of this country &

the moment. They have been able to

acquire very suitable premises,

a thing which is very difficult

in our own land now. - Is the

whole thing looks very promising

? - You will hear more about

it, no doubt. -

I hope you gave Auntie Claire

the note my best wishes. - Is her love

for you when you like? -

I met Valley some time ago, and we

had a short conversation for one of our occasional

meetings to hear talks. Though he is still

in the diamond-cutting trade and

getting on well with it, he does not seem to be satisfied. There is something Peeters & adventure - peaking about him, that is level to explain - He is far from steady and always seems to leave preference for changing his jobs and surroundings. Rather than stay in one place and work himself up - that has we noticed New Times & I blame circumstances for it. - But on the whole he has a happy disposition & is full of confidence & expectation about his future. Now that the war is over, his latest idea is of course to leave this country, for Palestine if possible (not as a paid role in my opinion) - Now you will try everything in his power. Here's hoping to hear from you very soon.
 Lots of love.
 Fay
