Dear Zwi Cos

We all were very proud to hear that you have passed the examination
successfully and we congratulate you and also on winning the scholarship
for the university. I am very curious to hear more about your life in kibbutz.
How do you like the work in the poultry-house? Do you start work early
or late when it is not so hot? Does the climate worry you much? Do the
people you know from Vienna? Did you ever hear anything about the
Schubmanns? I hope you had news from our dearest mother, we have not
heard at all.

Chaim's work seems more important and so more interesting daily. He is en-
gaged on aircraft research work and travels around the country to visit different
factories. It is a very interesting job. He is one of very few experts in working
aircraft. In his spare time he carries on with his inland pictures and he is
hoping to complete an other exhibition soon.

Reithy's is getting on lovely she says daddy, mummy and even
other kids. She also is talking about I would keep my 2.5 years and send
you shirts, at us very soon.

We wish you the best of luck for whatever you may have to do. Please
send my love to the family, and do write good news soon.

Yours Truly Sara Schieber in Berlin.
