

Dear sisters and brother <sup>bro</sup>

First, I want to congratulate you dear Lera <sup>is</sup> on your engagement and on your marriage, that probably took place already. I send you my best wishes and blessings. <sup>It</sup> should give you with your <sup>for</sup> Chajim; a very happy future as you wish yourselves. I wrote to dear Mother <sup>is</sup> about your marriage, by the red cross. Should only this war be over and we all should be able to live together soon. I should be very glad to if you would send me any picture of you all, and perhaps of <sup>for</sup> Chajim; too. I have not got any picture of myself momentary; perhaps I'll send you next time someone.

This week I have got a letter from Letchworth. I was very glad to see the letters of dear Ester <sup>is</sup> and of Uncle Hershel; please send them my best compliments and many thanks.

How are you all? Has Tully already learnt something at the diamond-polishing? How is Tey getting on? How is Loulek; satisfied with his position? As to myself: I am here getting on at learning very well. I am working in the kitchen-garden now. It's now the beginning of spring - the plant season. Now the warm-winds (oyjons) start blowing and it is very hot and sultry. I suppose that you received my last letter I wrote to you. The letter I got from dear Mother <sup>is</sup>. With many kind regards to you all from all relations, and a  
 merry <sup>Evening</sup> Yours affectionately brother <sup>Zvi</sup>

N.B.

This moment I got a letter from dear Fay is from  
Letchworth. I wonder why she did not write anything  
about you and about her herself. Has she moved from  
Pottery - Ban? Please send her my best compliments!  
I'll write her separately.
