My dearest Zsuzsa

Though it is rather late
 it might now be too late writing
 letters, I feel I just can't
 my letters to you of any longer.

Especially since you seldom
 write before you hear from us,
 and that makes your letters
 very few and far between.

However, I honestly intend
 to write more often and hope
 you will not get - I expect
 in the long run you probably
 have less time on your hands.
 As for as I am concerned it
 is just a question of getting
 them to it.

Your letters give me (us)

as much pleasure, and as soon
 as I have posted mine, I
 eagerly await your answer.

What are you progressing in
 your studies? Do you get any
 time off now about weekends?

Or are there no breaks in the
 winter? Or you're slowing the
 course subject? Any examinations
 in the near future? For the political
 disturbances in the few weeks you
 in any way? - I should like
 to know your opinion of what
 is here called "terrorism".

I know in papers exaggerate for
 a certain extent. - But there is
 no quota without fire.

I've got a few more notes I
 thought a highly interesting
 book, though I'm sure you'll
 be interested. - "The eyes in the night"

by Arthur Koestler. - It describes the
way of life in one of the Hutterite
colonial settlements; about one of the
inhabitants going over to the
underground movement etc. -

Have you by any chance heard
of it or near a review? -
Of 2 weeks ago I read a week -
and with Sulek & Rader. -
We might see need along
to a reception in Paris in
honor of Rabi's 75th birthday
which was here on his way
to the Basel Conference. -

It was a nice affair; speeches
etc. - they got quite a bit of
money to gether for a fund of
ridings for young women
Suzanne Sulek was being about;
I know a few more with her
afterwards. - I really think

she is a very clever young
woman and also a nice
and honest worker. -

You ask why I don't work
in Quirin & Sulek's Factory -
Well, the reason is, they don't
need many people for
clerical work, ~~and~~ -
the 3 bases, Ewald, Sulek,
and M. Hollaway who is not

German, and also an excellent
Shuman, hence the official
directors, are doing most of
it themselves. - The rest is
for Eite who works part-time
and one other girl who does
work part-time - Eite.
In fact it's overhauled because
the secretary of the firm -
She really likes it very much.

opinion, between you and
me is; she could have
arrived on ^{the} morning of
last or other couple of years.
But she would not have become
more permanent than be a ^{theoretical}
The pay are all ^{either} ^{or} ^{the} ^{same}
or unskilled workers in the
factory. - I am not the
farmer, which is essentially
a men's job - and I've no
intention to be the latter. -
I had enough of that during
the war. -

As I think I've probably
told you before I work in
what is there called the City
I like it - gives it is the
first job I have had in an
office. My salary is £4.0.0
a week. - Not much at all,

But I know to be satisfied
in view of the fact that I have
no premises at present. -

Yes, the factory is open
Yes, this of course being

due to the ^{the} ^{fact} ^{that} ^{the} ^{factory} ^{is} ^{open}
Everything is 0.15. You can rely
in future in that respect. -

In a way there is something
to be said in not working

for or with relations. -

But please avoid unimpaired
standards. - It may just be
a case of mine. -

Yes, yes, I have been thinking
those things of our with view
to be taken care of by Auntie's
and which are most probably in
somebody's way. - In those not
a way of sending them, or at

7.

Best part of them are here? -
I am thinking of our dear
beloved mother often, and
perhaps some of the Cimen etc. -
We 3 girls would certainly
make use of it. - No good
to anyone there. -

It pretenses for without
saying that you leave
possibly to anything you
possibly may want to
make use of. - Of course
there would be the question
of expense, but I think
it would be worth it to
us. - It also you think you
can make some enquiries
and find out particulars
and let us know. In your
own time of course. -

8.

Also I should be delighted
to get our photos, after
you've had them some time,
and we could see how, if
you wish send our best
regards. - But you can
imagine how much pleasure
it would give us to see
them. - If there is a
possibility of sending them
please do it. None of us
have a single one of our
early photos. -

Please let me know what
you think of all that?
You don't if you disagree; or
anything else. - Of course we
know you have not much time.
Well I hope you can hear
all this, I really think I shall
have taken more care, but

no 55-21

my eyes keep closing. -

Sr, Good bye for now
my eyes, many happy
Returns for your birthday.
I wish you all you wish
yourself. -
Dr, know I'd like to
see you. -

Yours ever
Fay. -
