I just got your dear letter and I am
glad that you are getting on well. I am
working in a Diamond polishing Workshop
for the last five months and I am
quite a good deal all ready. I work five days a week
9 hours per day. I get 35 £ per week and I will
get more soon. I am get married in few weeks
I will go to a polish fellow he is an artist
in making pictures from wood. I will probably
write you all about it. We three live here in
Potters Box 15 miles from London. Jay has gone
back to Hitchworth after I am get married. I got
a room of my own now I sleep and I am
having my meals at Sara's house every night
The place I am working is in the City of London
I get there by Train every morning. I earn
enough money to pay my room and to pay for my
meals and to get my clothes. I got a hat
I will send you a photo of it as soon as
I have a new one made, and I would like
you to send me one as well. I cut my hair
shorter, but it's all right as long as you got
them. We haven't heard from our dear
mother, but it is no wonder as there is no
post going from Jago's house. Your English is very good.
I close with my regards, Fully
